SOFT SKILLS

- Team player
- Eager to learn and teach
- Motivated
- Calm and thoughtful
- Creative
- Critical thinking, analytic
- Problem-solving

LANGUAGES

- Dutch - English - French

ABOUT ME

As a technology enthusiast with over 10 years of professional experience, I've developed and integrated numerous tools and systems to create more efficient work environments, particularly enjoying work with Python and Django. My passion is rooted in turning innovative technologies into practical, productivity-boosting solutions. I thrive in dynamic team settings where professionals collaborate to explore, learn, and implement emerging technologies to solve real-world challenges.

WORK EXPERIENCE

- Developer @ Home** 2024
Developed tools at home, most of these projects are build around Python, Django, GIT and run on Docker, Linux.
- AI Developer @ Cronos (SUMSUM)** 2024
Developed RAG Chat bot on Linux with Python (GIT): Sales demo that allows customers to chat with there own data. Streamlined technical preparation for setting up quickly.
