ABOUT ME

With 10+ years of professional experience, my passion for technology doesn't clock out. My personal projects have occasionally gotten enthusiastically out of hand. I've architect-ed, developed and deployed countless solutions to streamline workflows for both end-users and IT professionals, and myself, finding particular joy in working with modern (AI) Technologies. I thrive in dynamic team settings to collaborate, explore, learn, grow and implement technologies to boost productivity.

WORK EXPERIENCE

Developer @ Home

Developed tools I have a home-lab and develop a lot of tools in my free time [Python, FastAPI, Airflow, CI/CD, Django, GIT, DevOps, LLM (Agents), IoT,, Docker]

LLM Engineer @ 🕒 Cronos (SUMSUM) & ⚡ Bencode 2024

Developed RAG Chat bot: Sales demo that allows customers to chat with there own data. Streamlined technical preparation for setting up quickly. [Python, GIT, Linux, Docker, LLM (RAG), AWS]

Developed reporting tool: Generate highly custom report with visuals about project statuses via collaborative LLM Agents. [Python, GIT, Linux, AWS, LLM (Agents)]

Data Engineer Trainee @ ⚡ Bencode 2024

An intense full-time 6-month AI training with a focus on data engineering, we worked several projects together with companies. [Python, GIT, Linux, Docker, Azure, Infrastructure as Code, LLM, Pandas, MLOps, Docker,]

Developer / System Engineer @ 🇳🇱 VGC 2019-2023

Developed Scripts for installers, migrations, phishing mails, ... [SQL, Powershell]

Developed Tools for synchronizing accounts between different platforms, assigning devices, printer installer, ... [Python, GIT, Linux, Docker, Django, Azure]

IT Infrastructure: Managing network, Firewall, Cloud migration, ... [Azure]

Developer / System Engineer @ 🇳🇱 Metro Group 2014-2018

Developed Tools: Mailbox and Printer self service tool. Tape management tool.

Developed Scripts: Creating and managing accounts, mailboxes, servers, ...

IT Infrastructure: Managing network, Firewall, Servers, ... [Powershell, SQL]

Sales Digital World @ 🇳🇱 Metro Group 2011-2014

Sales role focused on creating a great customer experience.

Teacher ICT @ GLTT 2012

Teaching computerskills to students.

Developer / System Engineer @ 🇳🇱 Universiteit Gent 2009-2010

Developed a workflow tool: Streamlined workflows via custom tool.

Developed new features for smart textiles website.

IT Infrastructure for textiles department I also maintained: networks, servers, computers, accounts, support, ... [Programming, SQL]

VOLUNTEERING

System Engineer @ Viso Cor Mariae 2024

Volunteered to analyze IT infrastructure, create a roadmap, and start on implementing. [Azure]

EDUCATION

Professional Bachelor, @ KaHo Sint-Lieven, Ghent 2005-2008

Industrial Sciences, @ Don Bosco, Halle 1999-2005
