SOFT SKILLS

- Communication
- Innovative & Creative
- Problem Solving
- Curiosity
- Team player
- Analytical & Strategic
- Quick Learner
- Teaching
- INTP (Logician)

TECH SKILLS

- Agile
- AWS
- Airflow
- Terraform
- Python, Git (Actions)
- SQL
- Docker

LANGUAGES

- Dutch ++
- English ++
- French +

ABOUT ME

With 10+ years of professional experience, my passion for technology doesn't clock out. My personal projects have occasionally gotten enthusiastically out of hand. I've architect-ed, developed and deployed countless solutions to streamline workflows for both end-users, IT professionals and myself, finding particular joy in working with modern Data and AI Technologies. I thrive in dynamic team settings to collaborate, explore, learn, grow and implement technologies to boost productivity.

WORK EXPERIENCE

Developer @ Home

Developed tools I have a home-lab and develop a lot of tools in my free time [Python, SQL, Airflow, Docker, GIT, ML, LLM (NLP), Matplotlib, Pandas, Numpy, Pytorch, FastAPI, CI/CD, Django, DevOps, IoT]

LLM AI Engineer @ Cronos (SUMSUM) & Bencode 2024

Developed RAG Chat bot: Sales demo that allows customers to chat with there own data. Streamlined technical preparation for setting up quickly. [LLM (NLP), AWS, Python, GIT, Linux, Docker]

Developed reporting tool: Generate highly custom report with visuals about project statuses via collaborative LLM Agents. [AWS, Python, GIT, Linux, LLM]

Data Engineer Trainee @ Bencode 2024

An intense full-time 6-month AI training with a focus on data engineering, we worked several projects together with companies. [AWS, Azure, Python, GIT, SQL, Linux, Docker, Pandas, Scikit-Learn, ML(Ops), PyTorch, Agile, LLM]

Developer / System Engineer @ VGC 2019-2023

Developed Scripts for installers, migrations, phishing mails, ... [SQL, Powershell]

Developed Tools for synchronizing accounts between different platforms, assigning devices, printer installer, ... [Python, GIT, Linux, Docker, Django, Azure]

IT Infrastructure: Managing network, Firewall, Cloud migration, ... [Azure]

Developer / System Engineer @ Metro Group 2014-2018

Developed Tools: Mailbox and Printer self service tool. Tape management tool.

Developed Scripts: Creating and managing accounts, mailboxes, servers, ...

IT Infrastructure: Managing network, Firewall, Servers, ... [Powershell, SQL, Agile]

Sales Digital World @ Metro Group 2011-2014

Sales role focused on creating a great customer experience.

Teacher ICT @ GLTT 2012

Teaching computerskills to students.

Developer / System Engineer @ Universiteit Gent 2009-2010

Developed a workflow tool: Streamlined workflows via custom tool.

Developed new features for smart textiles website.

IT Infrastructure for textiles department I also maintained: networks, servers, computers, accounts, support, ... [Development, SQL, Networks]

VOLUNTEERING

System Engineer @ Viso Cor Mariae 2024

Volunteered to analyze IT infrastructure, create a roadmap, and start on implementing. [Azure]

EDUCATION

Professional Bachelor, @ KaHo Sint-Lieven, Ghent 2005-2008

Industrial Sciences, @ Don Bosco, Halle 1999-2005
